Software Solution Proposal

Nishtar Hospital Eye Ward

Attn: Dr. Imran Yavar

Date: 07-06-2015

Respected Sir,

Thank you for taking the time to work with us to determine your technology needs. We know that you're Patient History and ward management software has been a high priority problem for you. We are pleased to propose a cost-effective solution that will maximize your company needs.

We will be available to start work on this software as soon as possible. We find confident ourselves in providing our clients with a professional service, guaranteed accuracy, and the high level of confidentiality.

Software Solution

The proposed system will be a customized software solution which will be windows base, desktop application with multi user access rights. This software will provide ease of data entry to reporting. Software will assist your staff for better management of the ward and keeps history of the patient. And it will provide reporting for the management for their decisions.

Software will be designed in modern tools which are able to provide performance at their best.

Scope of Project

We have found following milestones from provided information and documents.

Module	Detailed Tasks
1. Patient Record History	<ul style="list-style-type: none">• Patient History• Patient Personal information• Patient initial investigation• Patient Surgery Related Information• Vital Chart (Pulse and Temp)• Daily Medicine Record• Prescription with dosage.• Restricted Drugs for prescription• Patient Discharge Sheet• Patient Reports• Reporting for the staff for day to day working

2. Security Management	1. User Accounts Creation 2. Password Changing 3. Data entry security (Add, Edit, Delete, View)
-------------------------------	---

Solution Technology

As we discussed about the technology to implement this software, we decided to implement using desktop application.

Software Cost and Duration

This is fully customized software it may vary in time but we try to implement within the given time period after we start work.

Desktop Application

Module	Amount (PKR)
1. Patient & Ward Management	50,000.0
Total Cost (without tax)	50,000.0

Duration: 2 months:

Payment Schedule

Here is the schedule for payment.

Phases (Number Wise)	Approx. Percentage	Amount (PKR)
1. Advance Payment	~25%	12,000.0
2. After Successful Implementation	~50%	25,000.0
3. After Successful Confidence	~25%	13,000.0
Total		50,000.0

Thank you for considering our services.

Best Regards

Muhammad Adnan Umar
